Ser 1142C/MOFFETT/NAS

15 DEC 1987

Environmental Protection Agency, Region IX  
Toxics & Waste Management Division  
Attn: Mr. Lewis Mitani (T-4-3)  
215 Fremont Street  
San Francisco, CA 94105

Dear Mr. Mitani:

On behalf of the Naval Air Station (NAS), Moffett Field, we are submitting enclosures (1) through (5), which are the planning documents for the Remedial Investigation/Feasibility Study (RI/FS) at NAS Moffett Field. The documents enclosed are as follows: Volume I: Work Plan; Volume II: Sampling and Analysis Plan; Volume III: Solid Waste Assessment Test Workplan; Volume IV: Quality Assurance Project Plan; and Volume V: Health and Safety Plan. Portions of "Volume II: Sampling and Analysis Plan" have been revised based upon correspondence, discussions, and meetings with you and the State Regional Water Quality Control Board (RWQCB). Since NAS Moffett is on the National Priority List, the planning documents were prepared in accordance with Environmental Protection Agency (EPA) requirements. In addition, the planning documents also satisfy provisions required by RWQCB's Cease and Desist Order 87-125 for submittal of a technical proposal to determine the vertical and lateral extent of soil and groundwater pollution at sites 11 through 16 (Provision B.1.a.(2)); to further define the vertical and lateral extent of soil and groundwater pollution at sites 3 through 9, and 11 through 17 (Provision B.1.a.(5)); and Solid Waste Assessment Test Proposal (Provision B.3.a).

NAS Moffett Field is under a very strict time constraint. In order to meet the substantive requirements of the RWQCB's Cease and Desist Order 87-125, we request that regulatory agencies submit their comments by 15 January 1988. It is our understanding that the RWQCB will solicit and consolidate comments and submit them to to this Command.

Should you have any questions regarding this matter, the point of contact is Commander, Western Division, Naval Facilities Engineering Command (Attn: Chloe Jue, Code 1142C, 415/877-7494).

Sincerely,

RAYMOND E. RAMOS  
Head, West Central Environmental Section
